 Skidmore Lead Miners Of Derbyshire, and their Descendants 1600-1915 by Linda Moffatt 2014
 The Skydmore Family Of Chewton Mendip, Somerset, and Eyam, Derbyshire by Warren Skidmore, 2007

Note -It is the policy of the Skidmore/ Scudamore One-Name Study not to publish details of anyone born in approximately the last 100 years, without express permission of descendants.

I have left these pages structured to allow me or, perhaps more likely, someone else willing to pick up the baton, to add further generations in years to come, or when descendants request it. LM

The descendants of William Skidmore (born in Derbyshire early 1750s) of Parrsboro, Nova Scotia

The male heads of household have been assigned the code DBY, though it is by no means certain that William is descended from the families who moved to Eyam and Taddington around 1600. However, he is known from DNA analysis of male descendants to have belonged to the wider Somerset/ Derbyshire branch.
